

Terms and Conditions for Using the CDC Diabetes Prevention Program Curriculum

The CDC Diabetes Prevention Program Curriculum (CDC DPP Curriculum) is based on the curriculum from the Diabetes Prevention Program (DPP) research study¹ supported by the National Institutes of Health, National Institute of Diabetes and Digestive and Kidney Disease.

Credits

Use of the CDC DPP Curriculum must be properly attributed and credited with the following copyright credit line: © 2012, University of Pittsburgh, based on the DPP research trial supported by cooperative agreement number U01-DK48489 from the U.S. Department of Health and Human Services, which has certain rights in the material.

Terms and Conditions of Use

With proper attribution and credit, the CDC DPP Curriculum may be used as follows without further permission or license from the University of Pittsburgh:

- a) Non-profit research and non-commercial education purposes;
- b) Charging a fee solely for cost recovery of materials and operations related to delivery of the curriculum;
- c) Use of the curriculum for the purpose of third- party reimbursement so long as no profit is made on this specific effort by the party delivering the lifestyle change intervention or administering these curricula as it is described above, for third- party reimbursement.

Conditions in which usage of the CDC DPP Curriculum requires obtaining written permission and/or license from the University of Pittsburgh:

- a) For-profit research or for-profit education activities; and
- b) Sale or use of the CDC DPP curriculum for any commercial purpose other than as described above.

Use of the CDC DPP Curriculum for commercial purposes, other than as described above, is prohibited without the further written permission and/or license of the University of Pittsburgh. For further information on commercial use of the CDC DPP Curriculum, contact the University of Pittsburgh's Office of Technology Management at 412-648-2206.
