

Florida Disability & Health Program

FLORIDA DEPARTMENT OF HEALTH

BRYAN RUSSELL

UNIVERSITY OF FLORIDA

CLAUDIA FRIEDEL MPH

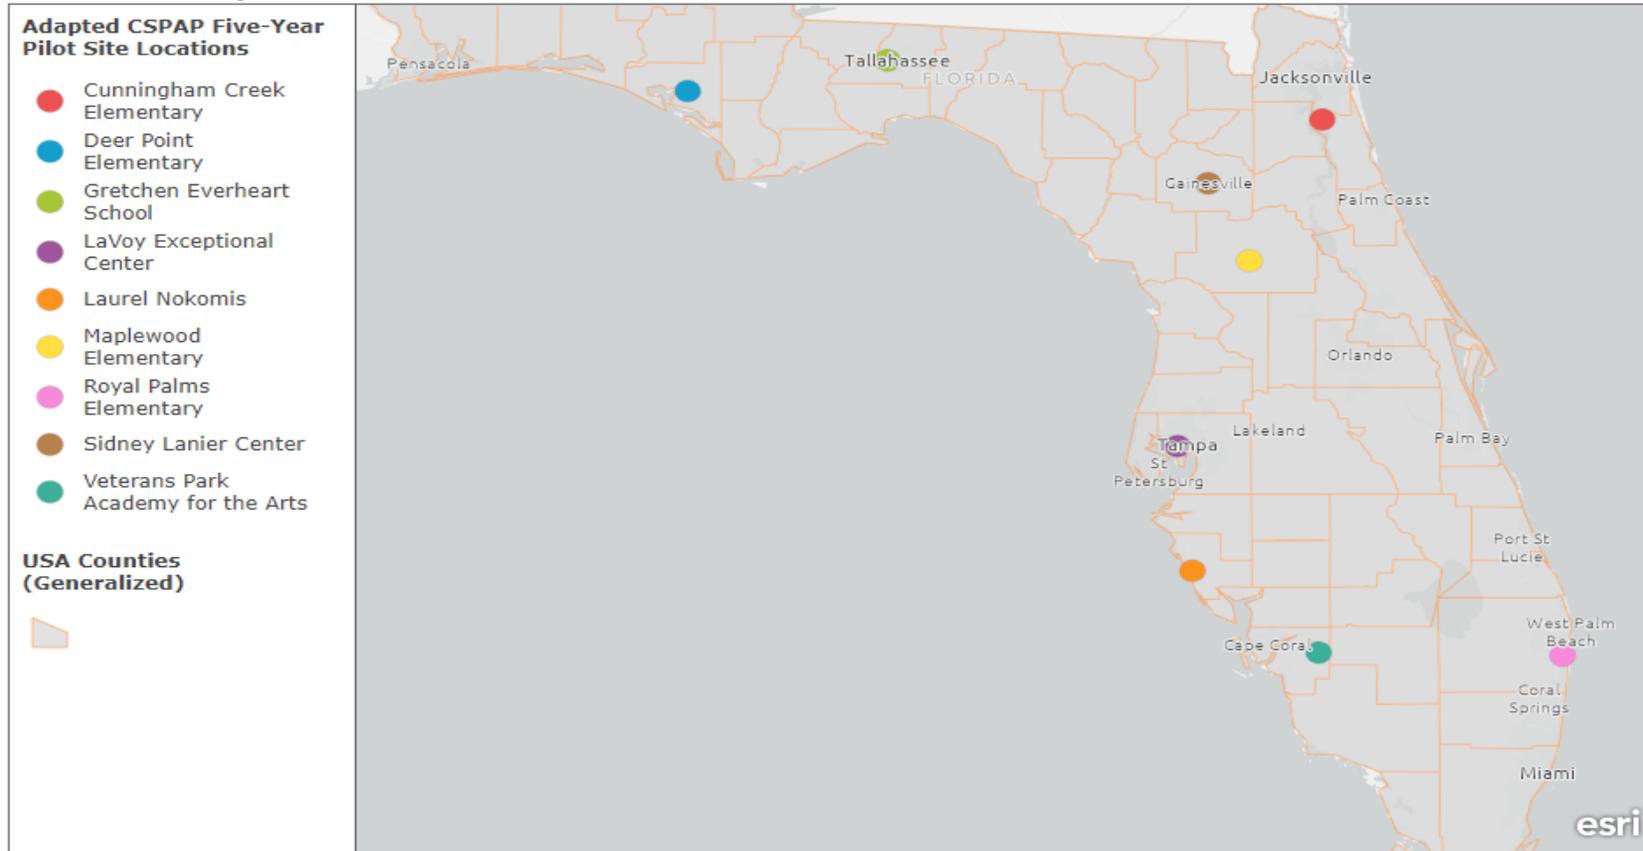

Successes Overview

- ✓ Expanded Training for health professional students and providers
 - ✓ Cumulative reach: 662 individuals trained
- ✓ Implemented the Comprehensive School Physical Activity Program (CSPAP)
 - ✓ 9 schools statewide
- ✓ Developed over 100 data & information products over the life of this grant
- ✓ Developed statewide policies to improve access for PWD

This project was funded under CDC cooperative agreement CDC-RFA-DD16-1603: *Improving the Health of People with Mobility Limitations and Intellectual Disabilities through State-based Public Health Programs*. The findings and conclusions in this report are those of the authors and do not necessarily represent the official position of the Centers for Disease Control and Prevention.

Adapted CSPAP: Healthy Schools

This map displays the geographic distribution of the 1603 Disability and Health Program Adapted CSPAP program

Training: Disability & Health: Understanding the Needs of Persons with Disabilities

Year	Reach ^a	Change in the Percentage of True/False Correct ^b	Change in the Percentage of “Strongly Agree” Responses ^b	Change in the Percentage of “Disagree” Responses ^b	Knowledge of PWD After Training ^c
2016-2017 ^d	18	-	-	-	-
2017-2018	72	22.4%***	22.1%***	-4.3%**	4.2/5
2018-2019	181	17.6%***	10.6%***	-5.7%***	3.9/5
2019-2020	95	8.2%***	13.7%***	-5.1%***	4.2/5
2020-2021	296	3.7%**	21.6%***	-2.7%**	4.1/5
All Years	662	12.2%***	15.7%***	12.2%***	4.1/5

a) Reach is the attendance recorded for presentations

b) Pre-/Post-test results are for individuals who completed both voluntary pre- and post-tests

c) Score ranges from 1-5, with 1 being no change, and 5 being most change

d) The presentation was developed in 2016-2017, and pre-tests/post-tests were not given at pilot training
