

Community Counts Data Visualization Overview of the Tool

You can access the tool from the Community Counts Data Visualization website. Click on **More** to open it.

Read the disclaimer carefully and then click “I AGREE.”

The data visualization tool has many features to explore.

Click on The Registry dropdown menu to learn more about patient characteristics, treatments, and bleeding disorder burden.

Click on the “Help and Tools” tab to access FAQs, technical notes, and Community Counts Fast Facts.

The status bar displays recent counts of patients with bleeding disorders.

For example, in Patient Characteristics, you can view patient demographic information here.

Or you can view **Clinical Characteristics** by clicking on this link.

Or you can view **Treatments** by clicking on the link in **The Registry**.

Bleeding Disorders Burden also can be explored through clicking on the link in **The Registry**.
