

1 needle
1 syringe
+ 1 time

0 infections

It's elementary!

Patients and healthcare providers must insist on nothing less than ***One Needle, One Syringe, Only One Time*** for each and every injection.

For more information, please visit:

www.cdc.gov/injectionsafety/1anonly.html

The *One & Only Campaign* is a public health effort to eliminate unsafe medical injections. To learn more about safe injection practices, please visit www.cdc.gov/injectionsafety/1anonly.html.
