

## Erratum

---

### Vol. 65, No. 15

In the report “Notes from the Field: Respiratory Symptoms and Skin Irritation Among Hospital Workers Using a New Disinfection Product — Pennsylvania, 2015,” in the fourth paragraph, the fourth sentence should have read “Full-shift air sample results for hydrogen peroxide ranged from <11 parts per billion (ppb) to 511 ppb; for acetic acid, from <8.8 ppb to 319.4 ppb; and for peroxyacetic acid, from <2.2 ppb to 48 ppb.”
