

2021 National Electronic Health Records Survey public use file national weighted estimates

Category (VARIABLE NAME)	Records	Estimated Number of Physicians	Estimated Percent of Physicians	Standard Error of Percent
Total	1,875	403,013	100.0	
The marginal tables contain data on numbers of records for selected variables as well as the corresponding estimated number of physicians obtained by aggregating the "physician weights" on those records. Unless otherwise specified, the total number of records for each question is 1,875 which represents 403,013 office-based physicians in the United States.				
Broad physician specialty group obtained from response to survey (SPECCAT)				
1 - Primary care specialty	913	184,259	45.7	1.9
2 - Surgical care specialty	412	84,950	21.1	1.5
3 - Medical care specialty	550	133,804	33.2	1.8
Is this medical organization affiliated with an Independent Practice Association (IPA) or Physician Hospital Organization (PHO)? (IPAPHO)				
-9 - Blank	24	5,004	1.2	0.5
-8 - Don't know	451	81,684	20.3	1.3
