

APPENDIX

Objective Status: SDOH

● Target met ● Improving ● Little/No change ● Getting worse ● Baseline only ○ Developmental ● Informational

Economic Stability:

- SDOH-1 Proportion of children aged 0-17 years living with at least one parent employed year round, full time
- SDOH-3.1 Proportion of persons living in poverty
- SDOH-3.2 Proportion of children aged 0-17 years living in poverty
- SDOH-4.1.1 Proportion of all households that spend more than 30% of income on housing
- SDOH-4.1.2 Proportion of households earning less than 200% of the poverty threshold that spend more than 30% of income on housing
- SDOH-4.2.1 Proportion of all households that spend more than 50% of income on housing
- SDOH-4.2.2 Proportion of renter households that spend more than 50% of income on housing
- NWS-12 Eliminate very low food security among children
- NWS-13 Reduce household food insecurity and in doing so reduce hunger

Education:

- SDOH-2 Proportion of high school completers who were enrolled in college the October immediately after completing high school
- AH-5.1 Increase the proportion of students who graduate with a regular diploma 4 years after starting 9th grade
- DH-20 Increase the proportion of children with disabilities, birth through age 2 years, who receive early intervention services in home or community-based settings
- EMC-2.3 Increase the proportion of parents who read to their young child

Objective Status: SDOH

● Target met ● Improving ● Little/No change ● Getting worse ● Baseline only ○ Developmental ● Informational

Health and Health Care:

- AHS-1.1 Proportion of persons with medical insurance
- AHS-3 Proportion of persons with a usual primary care provider
- AHS-5.1 Proportion of persons of all ages who have a specific source of ongoing care
- AHS-6.1 Proportion of persons who are unable to obtain or delay obtaining necessary medical care, dental care, or prescription medicines

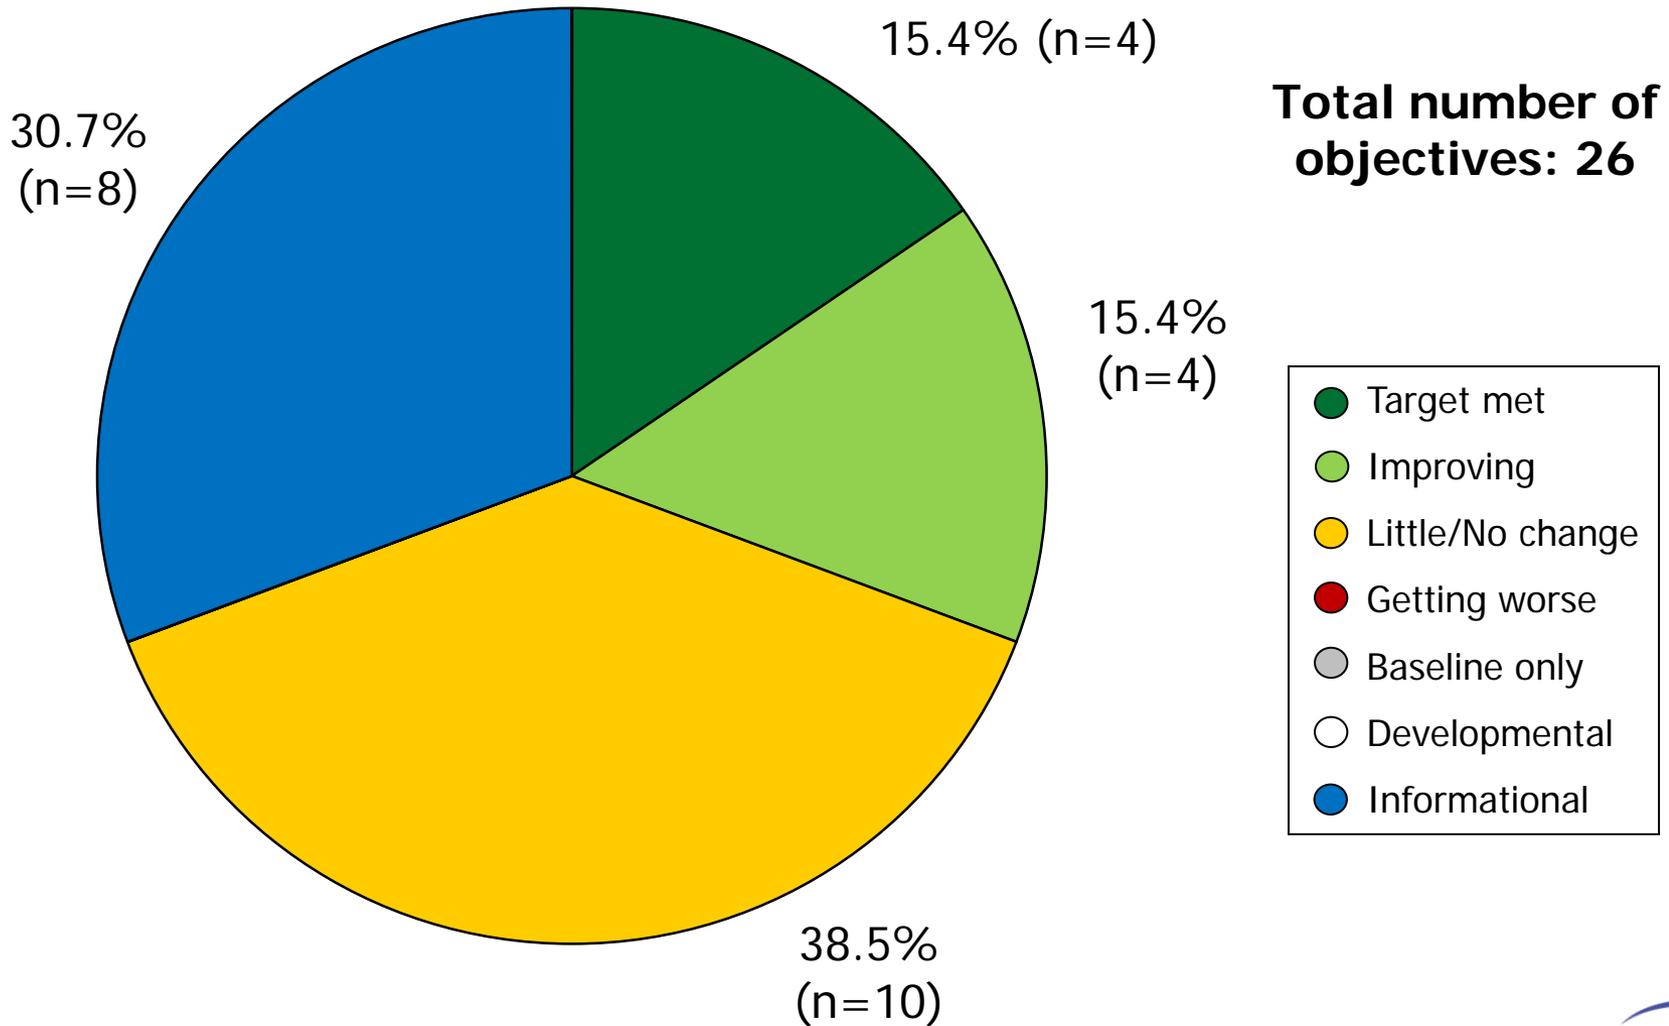

Neighborhood and Built Environment:

- AH-11.1 Rate of minor and young adult perpetration of violent crimes (aged 10–24 years)
- AH-11.2 Rate of minor and young adult perpetration of serious property crimes
- EH-1 Number of days the Air Quality Index (AQI) exceeds 100, weighted by population and AQI
- IVP-29 Homicides
- IVP-33 Physical Assaults
- IVP-42 Children's exposure to violence

Social and Community Context:

- AH-3.1 Proportion of adolescents who have an adult in their lives with whom they can talk about serious problems
- DH-17 Proportion of adults with disabilities who report sufficient social and emotional support
- EMC-2.2 Proportion of parents who use positive communication with their child

Current HP2020 Objective Status: Social Determinants of Health

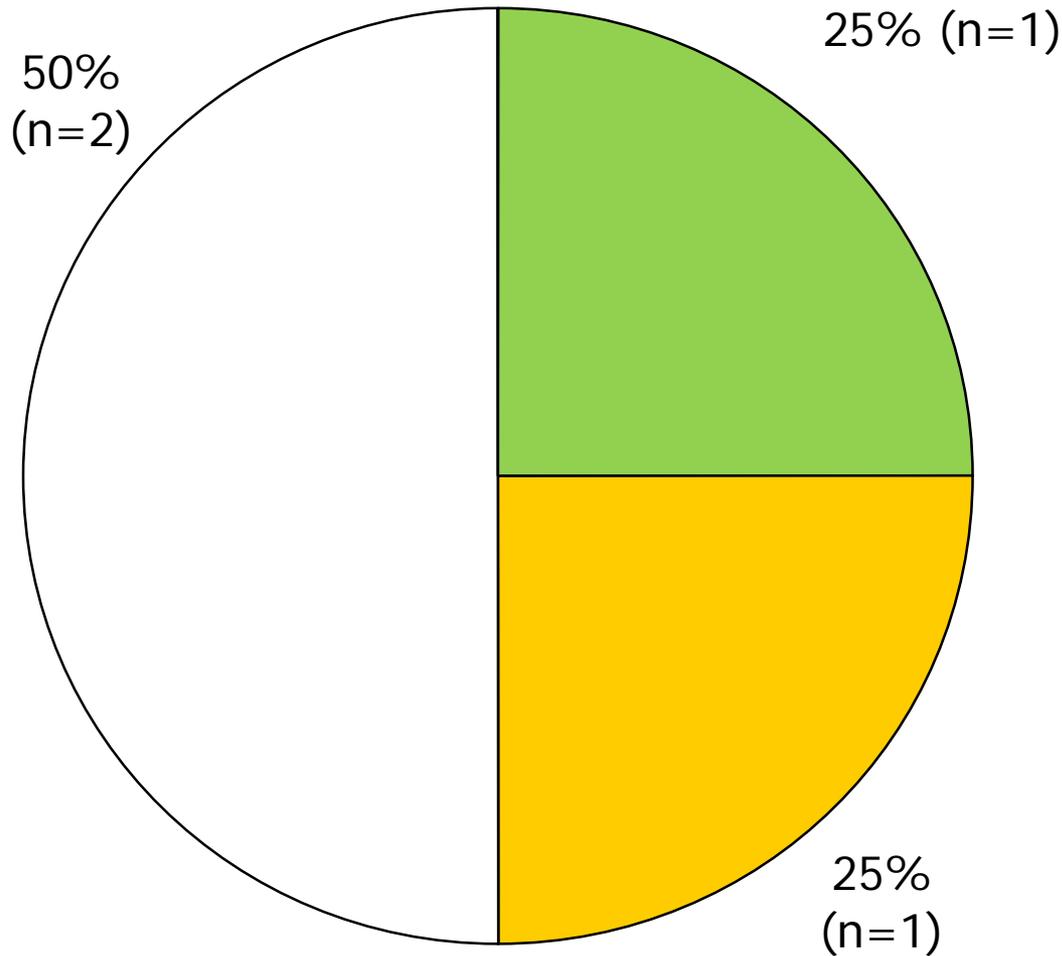

Objective Status: LGBT

● Target met ● Improving ● Little/No change ● Getting worse ● Baseline only ○ Developmental

- LGBT-1.1 Data systems in Healthy People 2020 collecting data on lesbian, gay, and bisexual populations (number)
- LGBT-1.2 (Developmental) Data systems in Healthy People 2020 collecting standard data on lesbian, gay, and bisexual populations (number)
- LGBT-1.3 Data systems in Healthy People 2020 collecting data on transgender populations (number)
- LGBT-1.4 (Developmental) Data systems in Healthy People 2020 collecting standard data on transgender populations (number)

Current HP2020 Objective Status: Lesbian, Gay, Bisexual, and Transgender Health
