

NHSN Healthcare Personnel COVID-19 Vaccination Module: Groups and Supergroups - Viewing and Uploading COVID-19 Vaccination Reporting Pathway .CSV Data Files

Description

As part of CDC's ongoing COVID-19 response, facilities enrolled in the National Healthcare Safety Network (NHSN) Healthcare Personnel Safety (HPS) Component have the ability to report healthcare personnel (HCP) COVID-19 vaccination data through the HPS Component. Group and supergroup users can import data on behalf of their member facilities who report through the NHSN HCP COVID-19 Vaccination Module. The purpose of this guidance document is to provide important information and instructions on how groups and supergroups can import .CSV files and view summary data in the NHSN HCP COVID-19 Vaccination Module.

Please note that a facility should decide which of the groups that it has granted access to NHSN for the purpose of viewing their data will upload their data, as these same groups will also have access to upload data on their behalf using the .CSV bulk upload process. If data have been uploaded into NHSN for a facility by one group or supergroup via the .CSV bulk upload, these data can be overwritten by a second group uploading data for the facility at a later time or date. Therefore, NHSN recommends that facilities only grant access to one group/supergroup to upload data on their behalf. Groups or supergroups can include health departments. It is also important to note that if a facility has entered its own data, it will not be overwritten by a bulk upload by a group/supergroup.

Facilities looking to upload their data by working directly with a vendor will need to work with the vendor directly to provide their OrgID and establish the process. Vendors (e.g., EHR providers, EOC providers, etc.) intending to provide COVID-19 .CSV uploads on behalf of NHSN facilities please submit an inquiry to [NHSN-ServiceNow](#), the new portal can be accessed [here](#) with the subject line "Vendor Support for NHSN COVID-19 HCP Vaccination Reporting." NHSN will follow up to confirm procedural details as the process may differ by vendor.

Please note: If accessing NHSN through different level of SAMS credentials, the interface will look slightly different as shown here, but all functionality related to COVID-19 data reporting is the same.

Instructions for Groups and Supergroups: Defining and Conferring Rights

1. **Group** – After logging into an NHSN component, select **Group** from the menu bar and then select **Define Rights**.

2. **Group** – After selecting **Define Rights**, the **Define Rights** options for the component will be displayed. Under General, there are new rights for COVID-19 vaccination data. The new rights allow viewing of COVID-19 Vaccination Module summary data for facilities that are a part of the group. Check **“COVID-19 View Data”** and **“COVID-19 AND Weekly Influenza CSV Data Upload”**. By selecting the **“COVID-19 AND Weekly Influenza CSV Data Upload”** option, the group will have the ability to import .CSV data files for facilities who accept the define rights. Select **Save** at the bottom of the page to define the additional Rights.

- 3. **Group** – The **Facility** group member will need to confer rights (accept the newly defined right(s)) by clicking on **Confer Rights Not Accepted** under **Action Items**.

The screenshot displays the NHSN Healthcare Personnel Safety Component Home Page. At the top, there is a header with a circular profile picture of healthcare workers and the text "NHSN Healthcare Personnel Safety Component Home Page". Below this is a dark blue bar with a white downward arrow and the text "Action Items". Underneath, the text "COMPLETE THESE ITEMS" is displayed. A white card with a red vertical bar on the left side contains the text "Confer Rights" and "Not Accepted" in large blue font.

- 4. **Group** – The **Facility** will see a **Confer Rights Not Accepted List**. From the list, select the group for which the facility would like to view the new **Defined Rights**.

3. **Enter Data** – Using the provided .CSV template for healthcare personnel data, populate each variable with the appropriate data. Multiple facilities (those that are a part of the group and have conferred rights) may be included. A valid facility identifier is required. After entering all data, save each file to upload the .CSV file in NHSN.
4. For complete information on the variables included on the .CSV template, refer to the table at end of this document (“**Table 1: NHSN Non-Long-Term Care Facility Staff COVID-19 Vaccination Data Import File Format**”). An example .CSV file that includes test data in required fields is available for download from the NHSN Weekly HCP COVID-19 Vaccination webpage: <https://www.cdc.gov/nhsn/hps/weekly-covid-vac/index.html>.

- 5. **Upload CSV** – To upload the completed .CSV file in NHSN, select **“Vaccination Summary”** from the menu bar. Then, select **“COVID-19 Weekly Vaccination Summary”**. A list of facilities by month and year will be displayed. Click on the **“Upload CSV”** button. A prompt will appear where a file must be provided for submission. Browse for the file and then click **“Upload CSV”** to begin the import.

The screenshot displays the NHSN interface for uploading COVID-19 vaccination data. On the left is a navigation menu with 'Vaccination Summary' selected. The main area shows a table titled 'COVID-19 Weekly Vaccination Summary Data' with columns for Facility ID, Facility Name, Vaccination Type, Month, and Year. Below the table are buttons for 'Upload CSV...', 'Upload CSV to REST API...', and 'Download CSV Template...'. A red arrow points from the 'Upload CSV...' button to a modal dialog box titled 'Upload CSV file'. The dialog box contains a table of facilities, a 'Choose File' button, and an 'Upload CSV' button. The 'Choose File' button is highlighted with a red box and a '2' in a red circle. The 'Upload CSV' button is highlighted with a red box and a '3' in a red circle. The 'Upload CSV...' button in the table is highlighted with a red box and a '1' in a red circle.

6. **View Data** – A message that indicates the upload was successful will be generated. The vaccination module will automatically populate the uploaded data. Users can then select a facility for which data was added to view the record.

If errors are found during upload, please review the error messages, and refer to the table at end of this document (“**Table 1: NHSN Non-Long-Term Care Facility Staff COVID-19 Vaccination Data Import File Format**”) for complete information on the variables included in the .CSV template. Questions can be submitted to [NHSN-ServiceNow](#), the new portal can be accessed [here](#) with the subject line “Weekly COVID-19 Reporting CSV upload”.

7. **View and Export Line List Data Reports** – Users are encouraged utilize the analysis and reporting functionality built within NHSN to view and export line list data reports for COVID-19 vaccination data for healthcare personnel. For more information, view the Quick Reference Guide on how to modify and export line lists available under the ‘**Resources**’ section of NHSN’s Weekly HCP COVID-19 Vaccination webpage: <https://www.cdc.gov/nhsn/hps/weekly-covid-vac/index.html>.
