

January 6, 2017

Greetings LTCF Users

It has come to our attention that some users are receiving alerts to complete the 2016 annual survey. This is an error in the system and we advise you comply with previously provided guidance. As a reminder, please do not complete the 2016 NHSN Annual Facility Survey until **after January 7, 2017**. The NHSN application will undergo updates on January 7, 2017, which will result in the deletion of 2016 survey data. If you have already completed the 2016 annual survey, we recommend that you print your completed survey so you will have the information handy, as you will need to re-enter the survey data after January 7, 2017.

We sincerely apologize for any confusion and inconvenience.

NHSN LTCF Team
