

HEALTHCARE-ASSOCIATED INFECTION (HAI) MODULE

Part One

Laboratory-identified Event (LabID) Module for Long-Term Care Facilities (LTCFs): *Clostridioides difficile* Infection (CDI) Overview

Date: October 2022

Presenter: Ti McCray, BSHA, MPH,
Leidos, Inc (Contractor)
Infection Preventionist
NCEZID, Division of Healthcare Quality Promotion
(DHQP)/Surveillance Branch
Centers for Disease Control and Prevention

Learning Objectives

- Demonstrate an understanding of Laboratory-identified (LabID) Event surveillance and reporting requirements for NHSN.
- Explain *Clostridioides difficile* infection (CDI) definitions and protocols.
- Define required monthly summary data for CDI reporting.
- Describe how to manually enter CDI LabID event data and monthly summary data into the NHSN application.

Surveillance and Reporting Rules for LabID Event Module

- Surveillance must occur for **all** resident care locations in the facility—referred to as facility-wide inpatient or **FacWideIN**.
- Must Submit ALL MDRO LabID events for all Specimen sources.

AND

- Specimens collected during a brief outpatient (OP) visit to an emergency department (ED) or clinic/physician's office **if**:
 - The resident returns to your facility on same calendar day of the OP visit or the following calendar day.

Note: There should be **no** change in **current** admission date.

Surveillance and Reporting Rules for LabID Event Module

- When submitting a LabID event for a specimen collected in an OP setting, the *Resident Care Location* and *Primary Resident Service Type* should reflect the resident's primary LTCF location and service type on the day of the outpatient visit.
- Do **NOT** report a LabID event for a specimen collected prior to the resident's admission to your facility.
- Results from positive isolates collected as part of active surveillance are **excluded**.
- There is not an option to perform surveillance on select or individual units/pods within the facility.

Monthly Participation Requirements

- A **NHSN Monthly Reporting Plan** must be completed for each calendar month in which a facility plans to enter data into the NHSN.
 - For MDRO surveillance, one or more MDROs must be selected from the Specific Organism Type drop-down menu.
 - LabID event surveillance must occur for the entire calendar month for the selected events/organisms.
- **Submit** ALL MDRO LabID events for all specimen sources to NHSN (numerator data).
- **Summary Data** For each participating month, the facility must report the required denominator data.
- **Resolve** “Alerts,” if applicable.

Reporting Options Available in LabID Event Module

I. *Clostridioides difficile* infection (CDI; *C. difficile*)

II. Multi-drug Resistant Organism (MDRO)

- A facility can choose to monitor one or more of the following organisms:
 - *Staphylococcus aureus*, methicillin-resistant (MRSA)
 - *Staphylococcus aureus*, methicillin-susceptible (MSSA) **with** MRSA surveillance
 - Vancomycin-Resistant *Enterococcus* spp. (VRE)
 - Cephalosporin-Resistant *Klebsiella* spp.(CephR-*Klebsiella*)
 - Carbapenem-Resistant *Enterobacteriaceae* (CRE)
 - *Klebsiella* spp. (CRE-*Klebsiella*)
 - *E coli*. (CRE-*E coli*)
 - *Enterobacter* (CRE-*Enterobacter*)
 - Multidrug-Resistant *Acinetobacter* spp. (MDR-*Acinetobacter*)

***Clostridioides difficile* infection (CDI) Key Terms and Definitions**

Common Terms and Definitions used in LabID Event Module

- ***C. difficile* positive laboratory assay:** (1) An unformed/loose stool that tests positive for *C. difficile* toxin A and/or B, (includes molecular assays [PCR] and/or toxin assays); OR (2) A toxin-producing *C. difficile* organism detected in an unformed/loose stool by culture or other laboratory means.
- **CDI Laboratory-identified (LabID) Event:** *C. Difficile* positive laboratory assay collected while resident is under the care of the reporting LTCF. Includes residents physically housed and cared for in the reporting LTCF and residents being cared for during a brief outpatient visit in which the resident returns to the reporting LTCF on the day of the OP visit or the following calendar day.
- **Facility-wide Inpatient (FacWideIN):** All resident care locations in the facility.
- **LabID Event Date:** Specimen collection date.

What specimens should NOT be submitted to NHSN as a CDI LabID Event?

- Negative *C. difficile* laboratory assay lab results.
- Specimens collected during an admission in another healthcare facility.

Categorization of CDI LabID Events

- NHSN will analyze data that have been entered into the application.
- Categorization applied by NHSN to CDI LabID events are based on the specimen collection date of the most recent CDI LabID event:
 - Duplicate CDI LabID event
 - Incident CDI LabID event
 - Recurrent CDI LabID event

Incident and Recurrent CDI LabID Events are further categorized based on:

1. **Reported date of current admission to facility,**
 2. **Reported specimen collection date (also referred to as date of event),**
 3. **Reported date of last transfer from acute care to the reporting LTCF.**
- Community-onset (CO) LabID events: Date specimen collected 3 calendar days or less after current admission to the facility (i.e., days 1, 2, or 3 of admission).
 - Long-term Care Facility-onset (LO) LabID event: Date specimen collected greater than 3 calendar days after current admission date (i.e., on or after day 4).
 - LO Events are further sub-classified:
 - **Acute Care Transfer-Long-term Care Facility-onset (ACT-LO):** LTCF-onset (LO) LabID event with a specimen collection date of **4 weeks or less** following date of last transfer from an acute care facility to the LTCF.

Categorization of CDI LabID Events is Dependent on Accurate Event Information

Resident type *: LS - Long Stay	Date of Current Admission to Facility *: 01/08/2021 22
Date of First Admission to Facility *: 01/28/2019 22	
Event Information	
Event Type *: LABID - Laboratory-identified MDRO or CDI Event	Date Specimen Collected *: 01/17/2021 22
Specific Organism Type *: CDIF - C. difficile	
Specimen Body Site/System *: DIGEST - Digestive System	
Specimen Source *: STOOL - Stool specimen	
Resident Care Location *: DEMENTIA - 1WESTDEMENTIA	
Primary Resident Service Type *: GENNUR - Long-term general nursing	
Has resident been transferred from an acute care facility in the past 4 weeks *: Y - Yes	
If Yes, date of last transfer from acute care to your facility *: 01/08/2021 22	

NHSN will Further Categorize CDI LabID Events Based on: date specimen collected and specimen collection date of the most recent CDI LabID Event entered into NHSN

- Duplicate CDI LabID event: Any CDI LabID event submitted for the same resident following a previous CDI LabID event within the past **2 weeks**.
- Incident CDI LabID Event: Either the first CDI LabID event ever submitted for an individual resident in the facility, or a subsequent CDI LabID event submitted **more than 56 days (8 weeks)** after the most recent CDI LabID event reported for the individual resident.
- Recurrent CDI LabID Event: Any CDI LabID Event entered more than 14 days (2 weeks) and less than 57 days **(8 weeks)** after the most recent CDI LabID event submitted to NHSN for an individual resident.

**Submit CDI Monthly Reporting Plan for Every Month
of Participation to NHSN**

Add Monthly Reporting Plan for CDI LabID Event Module Participation

- Informs CDC-NHSN which module(s) and events a facility is following during a given month.
- A facility must enter a plan for every month in which surveillance and data submissions will occur.
- Plans may be entered for up to one year in advance.

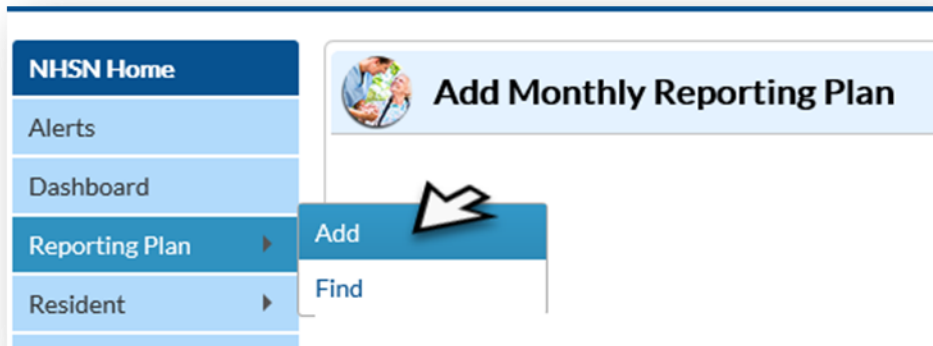

- Facility-wide Inpatient (FACWIDEIN) is default location
 - Select **CDIF-C. difficile** as the *Specific Organism Type*
- LabID Event All Specimens is default

Submitting a CDI LabID Event to NHSN:

Resident Type

Auto-populated by NHSN as short stay or long-stay after user enters the *Date of First Admission to the Facility* and the *Date Specimen Collected* (specifically for LabID events).

The screenshot shows the NHSN Long Term Care Facility Component Home page. On the left is a navigation menu with options: NHSN Home, Alerts, Reporting Plan, Resident, Event, Summary Data, Surveys, Analysis, Users, Facility, Group, and Logout. The 'Event' option is selected. The main content area has a header 'NHSN Long Term Care Facility Component Home' and a 'Resident type *' dropdown menu. The dropdown menu is open, showing two options: 'SS - Short-stay' and 'LS - Long Stay'. A red callout box points to the dropdown menu, containing definitions for SS-Short-stay and LS-Long-stay.

SS-Short-stay: On the date of specimen collection (event date), the resident has been in facility for 100 days or less from date of **first** admission.

LS-Long-stay: On the date of specimen collection (event date), the resident has been in facility for more than 100 days from date of **first** admission

NHSN Long Term Care Facility Component Home Page

Date of First Admission to Facility ★: 03/01/2019 25

Date of Current Admission to Facility ★: 04/03/2020 25

Date resident first entered the facility. This date remains the same even if the resident leaves the facility (transfers to another facility) for short periods of time (<30 consecutive days).

Most recent date resident entered the facility. If the resident enters the facility for the first time and has not left for more than 2 calendar days, then the date of current admission will be the same as the date of first admission. If the resident leaves the facility for more than 2 calendar days (the day the resident left the facility = day 1) and returns, the date of current admission should be updated to the date of return to the facility.

Submitting a CDI LabID Event to NHSN:

Monthly Summary Requirements for CDI LabID Event Participation

For each month of participation, the facility must report the following:

- Resident Admissions
- Resident Days
- Number of Admissions on C. diff Treatment
- Number of Residents Started on antibiotic Treatment for *C. difficile*
- Report No Events, if applicable

[illegible]

Submitting Monthly Summary Data in NHSN for CDI LabID Event Reporting

Number of Admissions on C. diff Treatment:

- Informs burden of CDI coming into the facility (CDI treatment prevalence).
- Total number of residents who were receiving antibiotic treatment for CDI at the time of admission to the LTCF.
 - Includes new and readmissions.
- This count is independent of CDI LabID Event reporting.
 - A resident may be included in this count, but not have a CDI LabID Event reported by the LTCF.

Number of Residents Started on Antibiotic Treatment for C. diff:

- Informs understanding of CDI management practices (CDI treatment ratio)
- Can inform burden of CDI in the facility
- Captures number of residents started on treatment for CDI that month based on clinical decisions; specifically, residents without a positive *C. difficile* test.
- This count is independent of testing
 - Includes **ALL** residents with an order for treatment, including those not tested and those who were tested, but had negative results. Also includes orders for empiric treatment.

Submitting Monthly Summary Data in NHSN for CDI LabID Event Reporting

LabID Events (All specimens): A grayed out check-mark will appear for each specific organism type selected for surveillance in the facility's Monthly Reporting Plan.

	Specific Organism Type							
	MRSA	VRE	CephR-Klebsiella	CRE-Ecoli	CRE-Enterobacter	CRE-Klebsiella	C. difficile	MDR-Acinetobacter
LabID Event (All specimens)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Report No Events	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/> ***	<input type="checkbox"/>

Submitting Monthly Summary Data in NHSN for CDI LabID Event Reporting

- **Report No Events:** A red asterisk will appear next to boxes that require attention.
- The user must put a check-mark in the box to validate that no LabID events were identified for the specified organism and that surveillance was performed for the calendar month.
- The box will be grayed out and without red asterisks if at least one event was submitted for that organism during the calendar month.
- If a LabID event is entered for the organism after summary data submitted, the application will auto-update by unselecting the “Report no Events” box.

	Specific Organism Type							
	MRSA	VRE	CephR-Klebsiella	CRE-Ecoli	CRE-Enterobacter	CRE-Klebsiella	C. difficile	MDR-Acinetobacter
LabID Event (All specimens)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Report No Events	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/> **	<input type="checkbox"/>
