

# COMPLIANCE MATERIALS FOR EMPLOYERS 1992

## PENNSYLVANIA RIGHT TO KNOW

COMMONWEALTH OF PENNSYLVANIA

ROBERT P. CASEY, GOVERNOR

MARK S. SINGEL, LIEUTENANT GOVERNOR

DEPARTMENT OF LABOR AND INDUSTRY

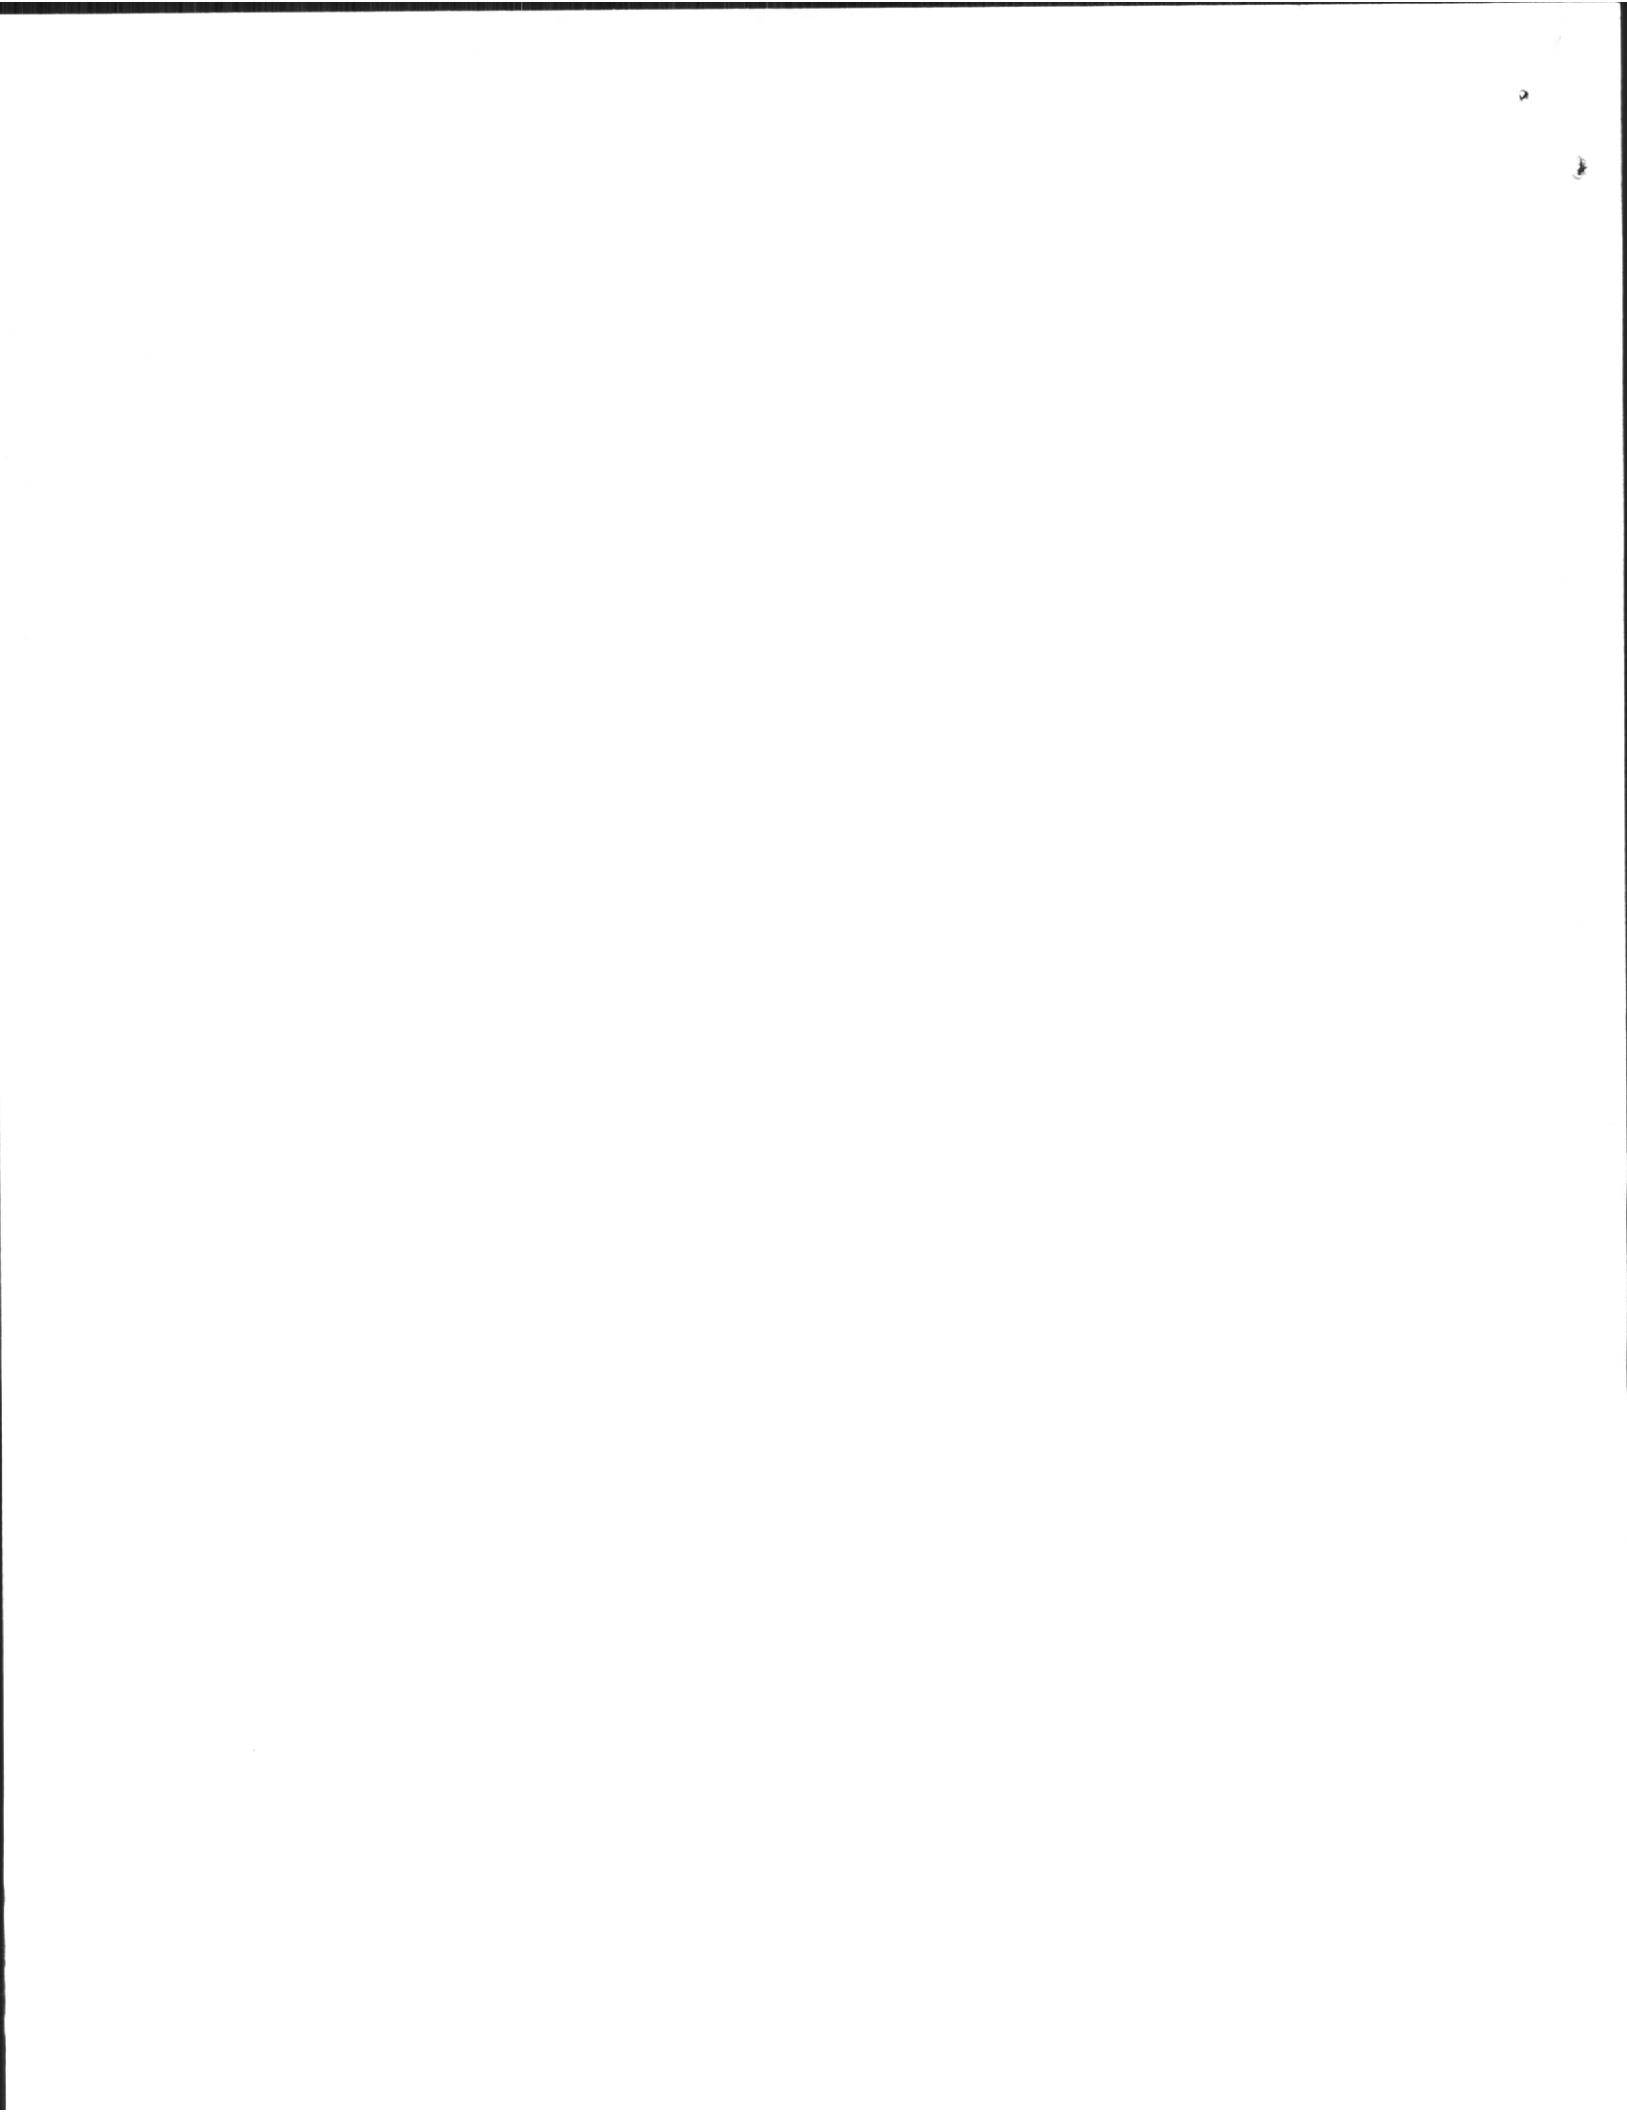

THOMAS P. FOLEY, SECRETARY

DEPUTY SECRETARY FOR SAFETY AND STANDARDS

SANDRA S. CHRISTIANSON

BUREAU OF WORKER AND COMMUNITY RIGHT TO KNOW

JAMES H. TINNEY, DIRECTOR

COMMONWEALTH OF PENNSYLVANIA  
DEPARTMENT OF LABOR AND INDUSTRY  
HARRISBURG 17120

OFFICE OF THE SECRETARY

January, 1992

Dear Pennsylvania Employer:

This mailing marks the fifth distribution of the Pennsylvania Right to Know Compliance Materials for Employers booklet. Since the inception of the Pennsylvania Right to Know program, the Department of Labor and Industry has been committed to administering a fair and effective hazard communication program. Our objective is to ensure that employers are well informed about the Worker and Community Right to Know Act and are able to comply with its implementing regulations in order to provide vital chemical information to the citizens of our Commonwealth.

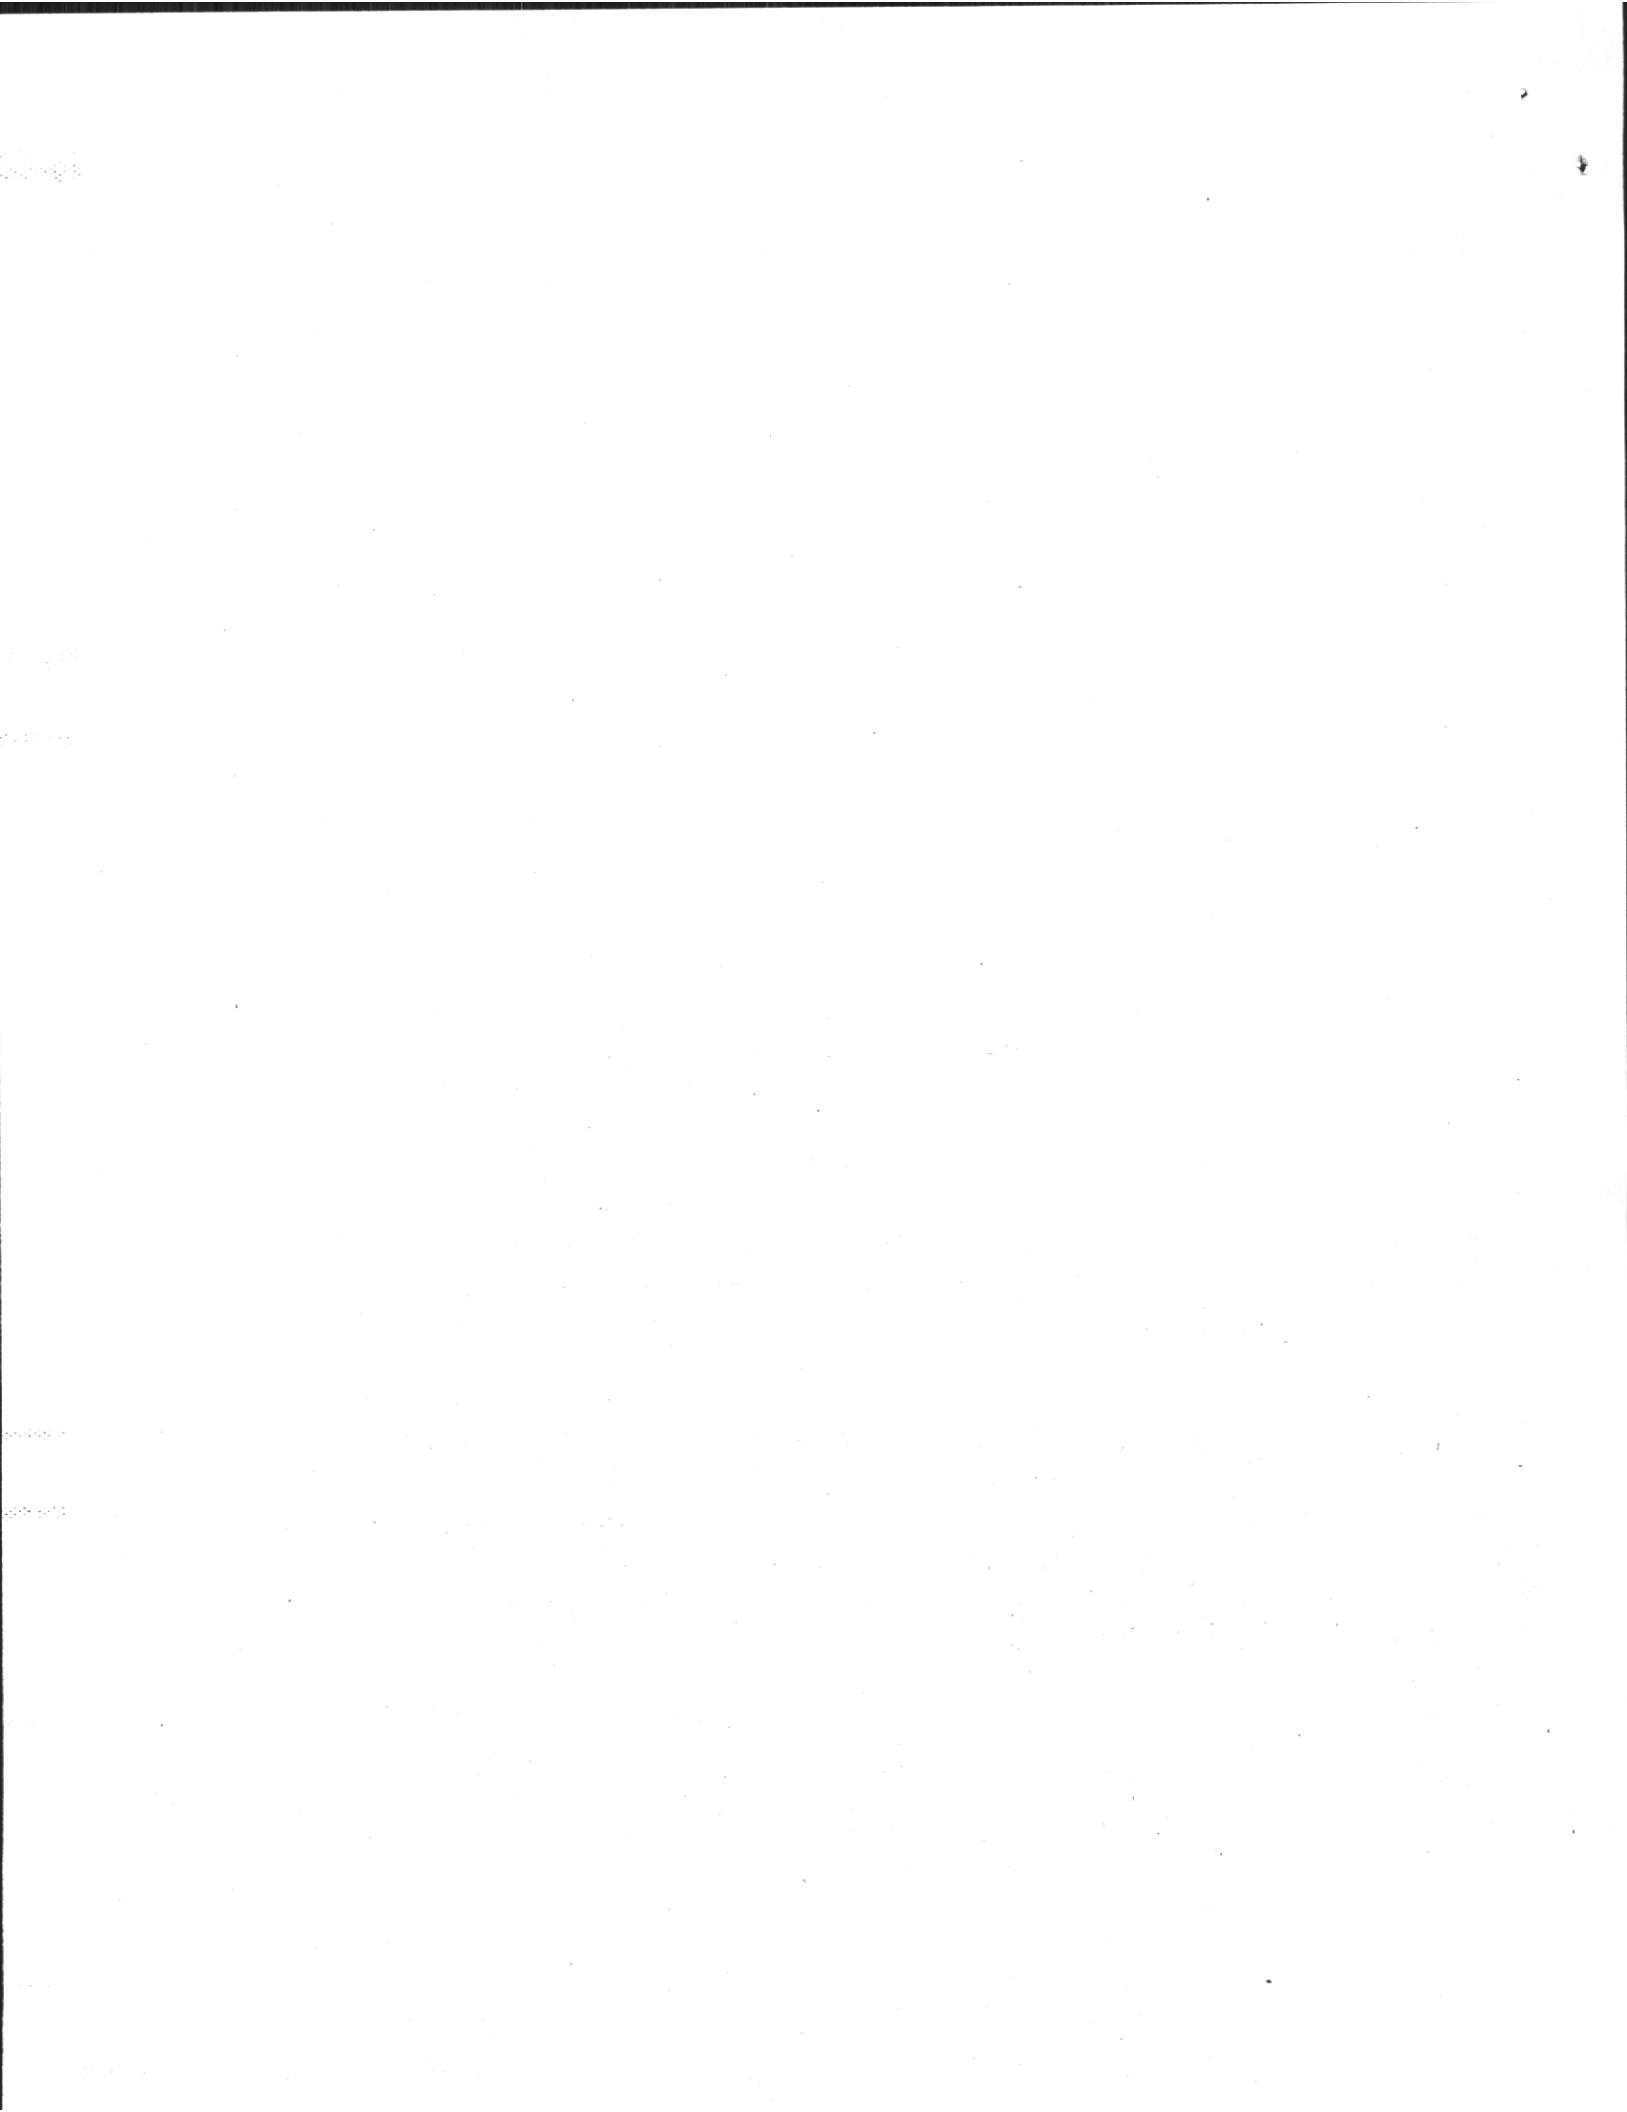

Right to Know is having a positive impact in Pennsylvania. Recently, in response to a request by this department, employers have provided us with accounts of how well this law is working. They tell us that a smooth exchange of information is taking place throughout Pennsylvania's many workplaces and communities. The success of these programs is largely due to the cooperative efforts of both business and labor.

At the Department of Labor and Industry, we are committed to working with Pennsylvania's employers and workers. We invite the continued input from both business and labor as we work toward the common goal of protecting the health and safety of all Pennsylvanians.

This booklet contains the Hazardous Substance Survey Form for 1992, instructions for completing the form and the latest news about the Pennsylvania Worker and Community Right to Know program. If you have any questions about the material in this booklet or need additional information, please write to the Bureau of Worker and Community Right to Know, Department of Labor and Industry, Room 1503, Seventh and Forster Streets, Harrisburg, Pennsylvania 17120 or telephone (717) 783-2071.

Sincerely,

*Thomas P. Foley*  
Thomas P. Foley

# PENNSYLVANIA RIGHT TO KNOW NEWS

Jeri P. Casey, Governor

Thomas P. Foley, Secretary of Labor and Industry

## Good News

The Pennsylvania Right to Know program is keeping pace with today's technology. The newest addition to the Bureau of Worker and Community Right to Know is "ODIS" an Optic Disk Image System. When in full operation, the new system will greatly enhance the bureau's ability to process chemical information and respond to public requests. See the article to the right for additional details.

There is also good news about the bureau's traditional ways of providing information. Last year, training specialists conducted 101 Right to Know seminars throughout the Commonwealth, addressing over 9,155 individuals. They assisted employers in complying with Right to Know laws, and advised employees of their rights. They also increased public awareness about hazardous chemicals in their communities.

If you are interested in a Right to Know seminar, write to the Director, Bureau of Worker and Community Right to Know, Room 1503, Labor and Industry Building, Seventh and Forster Streets, Harrisburg, Pennsylvania 17120 or call the bureau at (717) 783-2071.

## Bureau's New Image Technology

Optic Disk Image technology has arrived at the Bureau of Worker and Community Right to Know. A newly acquired Optic Disk Image System (ODIS) will allow citizens of the Commonwealth easy access to the information reported by employers under the Pennsylvania Right to Know and federal Superfund Amendments and Reauthorization Act (SARA) Title III laws.

This state-of-the-art system, consisting of a group of IBM PS/2 Model 80's, scanners and laser printers, captures and stores information about hazardous chemicals in workplaces throughout the Commonwealth. The system's components have been adapted for image work and are connected via an IBM Token Ring Local Area Network (LAN) to an IBM AS/400 mini computer.

Documents are digitized and then filed in an electronic filing cabinet known as the Optical Disk juke box. Another mini computer, the IBM System 36, controls the Optical Disk Juke Box and the movement of images on the network. Just as its name implies, this Juke Box is constructed like the old fashioned record juke boxes. However, in this case, instead of storing records, it stores 12 inch optical disk platters.

These platters are very similar to compact disks (CDs) used for audio recordings. The ODIS platters are larger, though, and store digitized bits that represent the actual image of a document.

---

---

## Bureau's New Image Technology continued...

Material Safety Data Sheets (MSDSs), chemical inventories, site plans and toxic release reports are being digitized and stored on optical disks to satisfy public inquiries. Chemical information needed for health and exposure studies, general public interest or an emergency response can be retrieved by bureau personnel, citizens who visit the bureau and use the Citizen Access Workstation or by the Pennsylvania Emergency Management Agency (PEMA).

The PEMA workstation, located in the Emergency Center, is directly connected to the ODIS. PEMA will use it's workstation to retrieve chemical inventories, site plans and MSDSs during emergency situations. The ODIS will be operational 24 hours a day, 365 days a year and enable PEMA to respond to emergencies involving hazardous chemicals with more information than was previously available and in a faster manner. Optical Disk Image technology will provide both Right to Know and PEMA operations with a quick and efficient response capability. Anyone interested in finding out more about the ODIS can contact James H. Tinney, Director of the Bureau of Worker and Community Right to Know, at (717) 783-2071.

## Electronic Bulletin Board (EBB)

The Electronic Bulletin Board (EBB) is a computer accessible listing of information about Right to Know programs including notices, newsletters, compliance requirements and other technical information on Pennsylvania Right to Know and SARA Title III. Bulletins are added as needed and in response to EBB user requests.

The EBB also allows users to ask questions and receive electronic responses from the Bureau of Worker and Community Right to Know.

Anyone with a personal computer, 300 or 1200 baud modem, and some type of communication software may connect with the EBB by dialing (717) 783-5135. Preferred modem settings are 8 data bits, parity of none, duplex full, and stop bits of 1. Prior registration is not required.

If you have questions about the EBB call the EBB Technical Coordinator at (717) 783-2071.

# **GENERAL INFORMATION CONCERNING THE HAZARDOUS SUBSTANCE SURVEY FORM**

1. Each year, the Pennsylvania Worker and Community Right to Know Act and implementing Regulations require all employers doing business in the Commonwealth of Pennsylvania to complete a new Hazardous Substance Survey Form (HSSF). The instructions included in this material will assist you in completing the HSSF. The HSSF must be completed by April 1, 1992.
2. The completed HSSF will provide an inventory of the hazardous chemicals which were present in the workplace during the 1991 calendar year.
3. To complete the HSSF Option 1, the employer should refer to the Hazardous Substance List found within Option 2 of this manual. This form is most appropriate for workplaces with a small number of hazardous chemicals.
4. As an alternative to the HSSF Option 1, the employer may use the HSSF Option 2, (check-off list), by entering an "x" beside those chemicals found in the workplace. This form is most appropriate for workplaces with many hazardous chemicals.
5. As a third option, employers may develop and complete their own version of the HSSF, but only if all the information required on HSSF Option 1 is included.
6. By April 1, PRIVATE SECTOR manufacturing and nonmanufacturing employers (including oil and gas extraction employers in the mining industry) must complete an HSSF and have it on file in their workplaces.
7. By April 1, PUBLIC SECTOR employers (such as state and local government agencies and public schools and public universities) and mining industry employers (excluding oil and gas extraction employers) must complete a HSSF and post it in their workplaces.
8. **An employer does not have to send a copy of the completed HSSF to the department unless the department writes directly to the employer specifically requesting a copy of the form.**
9. Employers with more than one workplace must complete an HSSF for each workplace, and each workplace HSSF must list the particular hazardous chemicals which were found in that particular workplace.
10. Employers may copy the material in this section for use in completing more than one HSSF.

**Note:** Column C of the Hazardous Substance Survey Form (Option 1) has been modified to simplify the completion of Option 1 and make the reporting for Pennsylvania Right to Know as consistent as possible with similar chemical reporting requirements for SARA Title III. Although the bureau encourages you to complete Column C, it is not mandated in the regulations. To complete Column C, simply check the appropriate box(es): Fire, Sudden Release of Pressure, Reactivity, Immediate (acute) and Delayed (chronic).

## **NOTES**

# INSTRUCTIONS FOR COMPLETION OF THE HAZARDOUS SUBSTANCE SURVEY FORM (HSSF)

## Pennsylvania Worker and Community Right to Know Program

The Hazardous Substance Survey Form lists the hazardous substances, special hazardous substances, and environmental hazards found in the workplace. The employer must provide the following information on this form:

### Item 1 Company Name.

### Item 2 Federal Employer Identification Number.

This number can usually be obtained from the company's accounting department, budget or comptroller's office.

### Item 3 Division or Plant Name.

### Item 4 Workplace Covered By This Form.

The name of the specific workplace for which the Hazardous Substance Survey Form is being completed. A workplace is defined by the Act as "Any building or work area or contiguous group of buildings or work areas at one geographical location composing a plant site in the Commonwealth used by the employer on a permanent or temporary basis to conduct business."

### Item 5 Street Address of the Workplace.

The actual/physical location of the workplace.

### Item 6 Mailing Address.

The mailing address for the workplace if different from the street address.

### Item 7 Telephone Number.

The appropriate telephone number (including area code and extension) to receive calls regarding the Hazardous Substance Survey Form.

### Item 8 County Name and Code.

The county name and code from the table below showing the location of the workplace.

### Pennsylvania Counties and Codes

COUNTY	CODE	COUNTY	CODE	COUNTY	CODE	COUNTY	CODE
Adams . . . . .	01	Clinton . . . . .	18	Lackawanna. . . . .	35	Pike . . . . .	52

Clearfield . . . . .	17	Juniata. . . . .	34	Philadelphia . . . . .	51	Out-of-State . . . . .	99

**Item 9 Name of Employer or Employer Representative; Title; Date.**

The name and title of the Employer or Employer representative responsible for the information on the Hazardous Substance Survey Form. Provide the date the form was prepared.

**Item 10 Business Address of Signatory.**

The business address of the Employer or Employer representative completing the Hazardous Substance Survey Form.

**Item 11 Report Period.**

The Hazardous Substance Survey Form must be updated each year and must be completed no later than April 1. This year's Hazardous Substance Survey Form is intended to cover calendar year 1991 (January 1, 1991 - December 31, 1991) and must be completed by April 1, 1992.

**Item 12 Signature of Employer or Employer Representative.**

The person responsible for the information on the Form and who can be contacted for additional information must sign the form. The signature must be the same name that appears in Item 9.

---

**In listing workplace hazardous chemicals on Hazardous Substance Survey Form Option 1:**

Employers are encouraged to first list the name of the product containing the hazardous chemical(s) and then list the substance name of the hazardous chemical as it appears on the Hazardous Substance List. Place a check mark in the appropriate box for the physical and/or health hazard(s) posed by the product.

Information about physical and health hazards (fire, sudden release of pressure, reactivity, immediate (acute), delayed (chronic)) may be found on the product label and Material Safety Data Sheet. Definitions of hazard categories are as follows:

Fire hazard, includes "flammable," "combustible liquid," "pyrophoric" and "oxidizer."

Sudden release of pressure, includes "explosive" and "compressed gas."

Reactive hazard, includes "unstable reactive," "organic peroxide" and "water reactive."

Immediate (acute) health hazard, includes "highly toxic," "toxic," "irritant," "sensitizer," "corrosive" and other hazardous chemicals that cause an adverse effect to a target organ which usually occurs rapidly as a result of short term exposure.

Delayed (chronic) health hazard, includes "carcinogens" and other hazardous chemicals that cause an adverse effect to a target organ and the effect of which occurs as a result of long term exposure and is of long duration.

If the substance is an environmental hazard, insert an 'E' in the appropriate block. If the substance is a special hazard, insert an 'S' in the appropriate block. If neither is applicable, no blocks should be marked.

A Chemical Abstracts Service number is the unique identification number assigned to chemicals by Chemical Abstracts Service, a division of the American Chemical Society. Provide the Chemical Abstracts Service number as it appears on the Hazardous Substance List. If a substance has no Chemical Abstracts Service number, leave this item blank.

---

**Note:** A Hazardous Substance Survey Form must be completed for each workplace. Employers may copy this form as needed. A private sector employer must complete and have on file in the workplace a current Hazardous Substance Survey Form. A public sector employer and a mining industry employer (excluding oil and gas extraction employers) must complete and post in the workplace a current Hazardous Substance Survey Form.

V	*ES	CAS NO.(A)	SUBSTANCE NAME (B)
[ ]		41444-43-3	SEC-PENTANAMINE
[ ]		42350-99-2	PHENOL, 2-CHLORO-4,6-BIS(1,1-DIMETHYLPROPYL)-
[ ]	E	42504-46-1	ISOPROPANOLAMINE DODECYLBENZENE SULFONATE
[ ]	E	50782-69-9	PHOSPHONOTHIOIC ACID, METHYL-,S-(2-(BIS(1-METHYLETHYL)AMINO)ETHYL) O-ETHYL ESTER
[ ]	S	51004-61-6	AF 2 (FOAMING AGENT)
[ ]		51580-86-0	1,3,5-TRIAZINE-2,4,6-(1H,3H,5H)-TRIONE, 1,3-DICHLORO-, SODIUM SALT, DIHYDRATE
[ ]	E	51787-44-1	BENZ[C]ACRIDINE, 7,8,9,11-TETRAMETHYL-
[ ]	E	51810-70-9	ZINC PHOSPHIDE
[ ]		51845-86-4	BORIC ACID, ETHYL ESTER
[ ]	E	52628-25-8	AMMONIUM ZINC CHLORIDE
[ ]	E	52652-59-2	LEAD STEARATE
[ ]	E	52740-16-6	ARSONIC ACID, CALCIUM SALT (1:1)
[ ]	E	53467-11-1	POLY[OXY(METHYL-1,2-ETHANEDIYL)], .ALPHA.-[(2,4-DICHLOROPHOXY)ACETYL]-.OMEGA.-BUTOXY-
[ ]	E	53469-21-9	AROCLOL 1242
[ ]	E	53496-15-4	ACETIC ACID, SEC-PENTYL ESTER
[ ]	E	53558-25-1	PYRIMINIL
[ ]	S	53799-46-5	CROCIDOLITE (FE5NA2(SIO3)8)
[ ]	S	53894-28-3	PHENOL, [(2-AMINOETHYL)AMINO]METHYL]-
[ ]		54566-73-3	BORON OXIDE
[ ]	E	54590-52-2	BENZENESULFONIC ACID, 4-DODECYL-, COMPD. WITH 1-AMINO-2-PROPANOL (1:1)
[ ]		54972-97-3	1-PENTANOL, METHYL-
[ ]	E	55488-87-4	FERRIC AMMONIUM OXALATE
[ ]		55720-99-5	CHLORINATED DIPHENYL OXIDE
[ ]	S	55738-54-0	METHANIMIDAMIDE, N,N-DIMETHYL-N'-[5-[2-(5-NITRO-2-FURANYL)ETHENYL]-1,3,4-OXADIAZOL-2-YL]-, (E)-
[ ]	ES	56093-45-9	SELENIUM SULFIDE
[ ]	E	56189-09-4	LEAD, BIS(OCTADECANATO)DIOXODI-
[ ]	E	58270-08-9	ZINC, DICHLORO(4,4-DIMETHYL-5(((METHYLAMINO)CARBONYL)OXY)IMINO)PENTANENITRILE)-(T-4)
[ ]	ES	58500-38-2	SILICIC ACID, BERYLLIUM SALT
[ ]		59355-75-8	MAPP
[ ]	S	59536-65-1	FIREMASTER BP 6
[ ]	S	61105-31-5	CROCIDOLITE (FE2MG3NA2(SIO3)8)
[ ]		61788-32-7	HYDROGENATED TERPHENYLS
[ ]	E	61792-07-2	2,4,5-T ESTERS
[ ]	E	62207-76-5	COBALT, ((2,2'-(1,2-ETHANEDIYLBIS (NITRILOMETHYLIDYNE))BIS(6-FLUOROPHENOLATO))(2)-N,N',O,O')-,
[ ]	S	62450-06-0	5H-PYRIDO[4,3-B]INDOL-3-AMINE, 1,4-DIMETHYL-
[ ]	S	62450-07-1	5H-PYRIDO[4,3-B]INDOL-3-AMINE, 1-METHYL-
[ ]		63283-80-7	PROPANE, 2,2'-OXYBIS[DICHLORO-
[ ]		64037-54-3	1-BUTENE, 3,4-DICHLORO-, (+-)-
[ ]		65996-68-1	FLUE GASES, FERROUS METAL, BLAST FURNACE
[ ]		65996-91-0	DISTILLATES (COAL TAR), UPPER
[ ]		65997-15-1	CEMENT, PORTLAND, CHEMICALS
[ ]		68334-28-1	OILS, VEGETABLE, HYDROGENATED
[ ]		68425-31-0	GASOLINE (NATURAL GAS), NATURAL
[ ]		68476-26-6	FUEL GASES
[ ]		68476-85-7	PETROLEUM GASES, LIQUEFIED
[ ]		68855-54-9	SILICA AMORPHOUS DIATOMACEOUS EARTH (UNCALCINED)
[ ]		73090-68-3	NAPHTHALENE, (1,1-DIMETHYLETHYL)-1,2,3,4-TETRAHYDRO-
[ ]		73090-69-4	PHENOL, CHLORO-4-(1,1-DIMETHYLPROPYL)-
[ ]		73513-30-1	PENTANAL, METHYL-
[ ]	S	75364-04-4	SILICIC ACID (H6Si2O7), COBALT(2+) MAGNESIUM SALT (1:2:1)
[ ]		77536-68-6	TREMOLITE
[ ]		80466-34-8	2,4-HEXADIENAL
[ ]		86290-81-5	GASOLINE
[ ]	S	891681-63-9	4H-1-BENZOPYRAN-4-ONE, 6-(2,3-DIHYDROXY-3-METHYLBUTYL)-3-(2,4-DIHYDROXYPHENYL)-7-HYDROXY-
