Work Group Discussion

Purpose: To assess the adequacy of current case review methods and effort to “verify a reasonable sample of the doses” estimated by NIOSH, as needed to advise HHS on “the scientific validity and quality” of dose reconstructions “for the purposes of the compensation program”

- Status and results/(findings/trends in findings) of current DR review process
- Considerations based on NIOSH/Griffon review report and prior WG/Board discussions
- Path forward and/or plans for full Board discussion

1:00 p.m. *Adjourn*
