Ms. Rachel Leiton, Director  
Division of Energy Employees Occupational  
Illness Compensation  
U.S. Department of Labor  
200 Constitution Avenue, N.W., Room C-3321  
Washington, District of Columbia 20210

Dear Ms. Leiton:

On behalf of the Secretary of the Department of Health and Human Services (HHS), and as required by 42 C.F.R. § 83.17(d), I am notifying you of the final effect of the HHS decision to designate a class of employees from the Baker Brothers site in Toledo, Ohio, as an addition to the Special Exposure Cohort (SEC) under the Energy Employees Occupational Illness Compensation Program Act of 2000. On March 6, 2013, as provided for under 42 U.S.C. § 7384q(b), the Secretary of HHS designated the following class of employees as an addition to the SEC:

All Atomic Weapons Employees who worked at the Baker Brothers site in Toledo, Ohio, during the period from June 1, 1943, through December 31, 1944, for a number of work days aggregating at least 250 work days, occurring either solely under this employment, or in combination with work days within the parameters established for one or more other classes of employees included in the Special Exposure Cohort.

This designation became effective on April 5, 2013, as provided for under 42 U.S.C. § 7384l(14)(C). Hence, beginning on April 5, 2013, members of this class of employees, defined as reported in this notice, became members of the SEC.

Sincerely,

[Signature on file]
