July 30, 2007

SEC Tracking number: SEC00051

Peter M. Turcic, Director
Division of Energy Employees Occupational Illness Compensation
U.S. Department of Labor
Room C-4511
200 Constitution Avenue, N.W.
Washington, D.C. 20210

Dear Mr. Turcic:

On behalf of the Secretary of the Department of Health and Human Services (HHS), and as required by 42 C.F.R. pt. 83.17(c), I am notifying you of the final effect of the HHS decision to designate a class of employees at the Los Alamos National Laboratory, Los Alamos, New Mexico, as an addition to the Special Exposure Cohort (SEC) under the Energy Employees Occupational Illness Compensation Program Act of 2000. On June 22, 2007, as provided for under 42 U.S.C. 7384q(b), the Secretary of HHS designated the following class of employees as an addition to the SEC:

Employees of the Department of Energy (DOE), its predecessor agencies, or DOE contractors or subcontractors who were monitored or should have been monitored for radiological exposures while working in operational Technical Areas with a history of radioactive material use at the Los Alamos National Laboratory (LANL) for a number of work days aggregating at least 250 work days from March 15, 1943 through December 31, 1975, or in combination with work days within the parameters established for one or more other classes of employees in the Special Exposure Cohort.

This designation became effective on July 22, 2007, as provided for under 42 U.S.C. 7384/(14)(C). Hence, beginning on July 22, 2007, members of this class of employees, defined as reported in this notice, became members of the SEC.

Sincerely,

A handwritten signature in black ink, appearing to read "L. Elliott".

Larry J. Elliott
Director
Office of Compensation Analysis and Support
