September 28, 2012

SEC Tracking Number: SEC00203

Ms. Rachel Leiton, Director  
Division of Energy Employees Occupational  
Illness Compensation  
U.S. Department of Labor  
200 Constitution Avenue, N.W., Room C-3321  
Washington, District of Columbia 20210

Dear Ms. Leiton:

On behalf of the Secretary of the Department of Health and Human Services (HHS), and as required by 42 C.F.R. § 83.17(d), I am notifying you of the final effect of the HHS decision to designate a class of employees from the Medina Modification Center in San Antonio, Texas, as an addition to the Special Exposure Cohort (SEC) under the Energy Employees Occupational Illness Compensation Program Act of 2000. On August 23, 2012, as provided for under 42 U.S.C. § 7384q(b), the Secretary of HHS designated the following class of employees as an addition to the SEC:

All employees of the Department of Energy, its predecessor agencies, and their contractors and subcontractors who worked at the Medina Modification Center in San Antonio, Texas, from January 1, 1958, through December 31, 1966, for a number of work days aggregating at least 250 work days, occurring either solely under this employment, or in combination with work days within the parameters established for one or more other classes of employees in the Special Exposure Cohort.

This designation became effective on September 22, 2012, as provided for under 42 U.S.C. §7384l(14)(C). Hence, beginning on September 22, 2012, members of this class of employees, defined as reported in this notice, became members of the SEC.

Sincerely,

[Signature on File]

Stuart L. Hinnefeld, Director  
Division of Compensation Analysis and Support  
National Institute for Occupational Safety and Health
