November 8, 2010

Ms. Rachel Leiton, Director  
Division of Energy Employees Occupational  
Illness Compensation  
U.S. Department of Labor  
200 Constitution Avenue, N.W., Room C-3321  
Washington, D.C. 20210

Dear Ms. Leiton:

On behalf of the Secretary of the Department of Health and Human Services (HHS), and as required by 42 C.F.R. § 83.17(d), I am notifying you of the final effect of the HHS decision to designate a class of employees from Revere Copper and Brass, Detroit, Michigan, as an addition to the Special Exposure Cohort (SEC) under the Energy Employees Occupational Illness Compensation Program Act of 2000. On October 6, 2010, as provided for under 42 U.S.C. § 7384q(b), the Secretary of HHS designated the following class of employees as an addition to the SEC:

All Atomic Weapons Employer employees who worked at Revere Copper and Brass, Detroit, Michigan, from July 24, 1943 through December 31, 1954, for a number of work days aggregating at least 250 work days, occurring either solely under this employment or in combination with work days within the parameters established for one or more other classes of employees included in the Special Exposure Cohort.

This designation became effective on November 5, 2010, as provided for under 42 U.S.C. § 7384l(14)(C). Hence, beginning on November 5, 2010, members of this class of employees, defined as reported in this notice, became members of the SEC.

Sincerely,

Stuart L. Hinnefeld, Interim Director  
Division of Compensation Analysis and Support  
National Institute for Occupational Safety and Health
