Ms. Rachel Leiton, Director
Division of Energy Employees Occupational
Illness Compensation
U.S. Department of Labor
200 Constitution Avenue, N.W., Room C-3321
Washington, District of Columbia 20210

Dear Ms. Leiton:

On behalf of the Secretary of the Department of Health and Human Services (HHS), and as required by 42 C.F.R. § 83.17(d), I am notifying you of the final effect of the HHS decision to designate a class of employees from the Sandia National Laboratories, Albuquerque, NM, as an addition to the Special Exposure Cohort (SEC) under the Energy Employees Occupational Illness Compensation Program Act of 2000. On July 29, 2011, as provided for under 42 U.S.C. § 7384q(b), the Secretary of HHS designated the following class of employees as an addition to the SEC:

All employees of the Department of Energy, its predecessor agencies, and its contractors and subcontractors who worked in any area at the Sandia National Laboratories in Albuquerque, New Mexico, from January 1, 1949 through December 31, 1962, for a number of work days aggregating at least 250 work days, occurring either solely under this employment, or in combination with work days within the parameters established for one or more other classes of employees in the Special Exposure Cohort.

This designation became effective on September 9, 2011, as provided for under 42 U.S.C. § 7384l(14)(C). Hence, beginning on September 9, 2011, members of this class of employees, defined as reported in this notice, became members of the SEC.

Sincerely,

[Signature on file]
