

ASSESSING RISK FACTORS FOR OPIOID OVERDOSE

WB4666R

PROGRAM DESCRIPTION: This enduring activity is designed to increase knowledge and change competency of clinicians on identifying patients at increased risk for opioid overdose and practices and strategies for offering naloxone.

OBJECTIVES:

At the conclusion of the activity, the participant will be able to:

1. List the factors that increase the risk of opioid overdose for patients.
2. Explain why it is important for patients who are prescribed opioids to have naloxone, particularly to patients at increased risk for overdose.
3. Identify how interprofessional care coordination to support offering naloxone can reduce the risk of opioid overdose.

FACULTY/ CREDENTIALS:

Christina A. Mikosz, MD, MPH, Lead Medical Officer,
Division of Overdose Prevention, National Center for
Injury Prevention and Control (NCIPC), Centers for
Disease Control and Prevention
Molly Dowling, MPH, Health Communications
Specialist, Division of Overdose Prevention, National
Center for Injury Prevention and Control (NCIPC),
Centers for Disease Control and Prevention

CE ORIGATION DATE:

July 21, 2023

ACCREDITATION STATEMENTS:

JOINTLY ACCREDITED PROVIDER™
INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, the Centers for Disease Control and Prevention is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

CME: The Centers for Disease Control and Prevention designates this **enduring** activity for a maximum of **0.25** AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

CNE: The Centers for Disease Control and Prevention designates this activity for **0.25** nursing contact hours.

DISCLOSURE: In compliance with continuing education requirements, all planners and presenters must disclose all financial relationships, in any amount, with ineligible companies during the previous 24 months as well as any use of unlabeled product(s) or products under investigational use.

CDC, our planners, and content experts wish to disclose they have no financial relationship(s) with ineligible companies whose primary business is producing, marketing, selling, reselling, or distributing healthcare products used by or on patients.

Content will not include any discussion of the unlabeled use of a product or a product under investigational use.

CDC did not accept financial or in-kind support from ineligible companies for this continuing education activity.

The Centers for Disease Control and Prevention (CDC) complies with applicable Federal civil rights laws and does not discriminate based on race, color, national origin, age, disability, religion, or sex (including pregnancy, sexual orientation, and gender identity). To learn more
