Because of an editing error, we omitted a symbol used for statistical calculations in the article “Economic Effect of Smoke-Free Ordinances on 11 Missouri Cities.” The sentence should have read, “The percentage change between preordinance and postordinance was estimated by $\exp(\bar{\beta}_4) - 1$.” This correction was made to our website on June 27, 2012, and appears online at http://www.cdc.gov/pcd/issues/2012/11_0277.htm. We regret any confusion or inconvenience this error may have caused.
