

Rx Awareness Radio Transcript

Candidate: Ann Marie

Length: 30 seconds

Narrator: Prescription opioids can be addictive and dangerous.

Ann Marie: My son was 20 years old when he was prescribed opioids. It took him five days to get addicted. I'm not supposed to be the one to go get his suit, and tie, and pick which sneakers that I'm going to bury him in. My son overdosed at the age of 22 years old.

Narrator: Prescription opioids: It only takes a little to lose a lot. Visit [CDC.gov/RxAwareness](https://www.cdc.gov/RxAwareness).
