

Rx Awareness Radio Transcript

Candidate: Judy

Length: 30 seconds

Narrator: Prescription opioids can be addictive and dangerous.

Judy: My son Steve did not want to die, but his prescription opioids killed him. We found a post-it note that he had written about his experience with his opioids. "At first it was a lifeline; now, it is a noose around my neck." You never expect that you're going to lose a child. It's all out of order.

Narrator: Prescription opioids: It only takes a little to lose a lot. Visit [CDC.gov/RxAwareness](https://www.cdc.gov/RxAwareness).
