

## Rx Awareness Radio Transcript

**Candidate: Tamera**

**Length: 30 seconds**

*Narrator:* Prescription opioids can be addictive and dangerous.

*Tamera:* Opioid pain medication took everything that I had. Nothing mattered more than getting my fix. I was on the verge of being homeless, my house was being foreclosed on. Knowing that it could have been prevented makes it worse. It just takes one.

*Narrator:* Prescription opioids: It only takes a little to lose a lot. Visit [CDC.gov/RxAwareness](https://www.cdc.gov/RxAwareness).
