Background

YRBS questionnaires have changed over time to accommodate evolving priorities and improvements in question wording and design. This document describes the questions asked in each YRBS cycle.

Important notes:

- The standard questionnaire is the starting point for the national high school questionnaire and all the state, local, territorial, and tribal nation high school questionnaires every YRBS cycle.
- All questions from the standard questionnaire are included in the national questionnaire and then as many as 10 to 12 additional questions are added to complete the national questionnaire. These additional questions are included in this document.
- The state, local, and territorial agencies and tribal nations that conduct their own YRBS may delete standard questions and add additional questions. Information about these deletions and additions is not included in this document.

YRBS Questionnaire Content 1991 – 2023

- The question numbers used in this document match the variable names used in YRBS datasets. However, the question numbers used in this document may not match the question numbers on a specific YRBS questionnaire. Analysts should refer to YRBS dataset documentation to ensure they understand the correspondence between question numbers and variable names on specific data files.
- Actual questionnaires have introductory text before each topic or group of questions. This text may vary from one year to another. Introductory text is not included in this document, but can be found on the actual questionnaires.
- Questions sometimes use bold face to emphasize parts of the question. The use of bold face in a question may vary from one year to another and can be found on the actual questionnaires.
- There is no national middle school questionnaire and CDC has never conducted a national middle school YRBS. The middle school questionnaire is used only by interested state, local, and territorial agencies and tribal nations. They may delete questions and add additional questions. Information about these deletions and additions is not included in this document.

Readers unfamiliar with the YRBS can learn more by reviewing:

- [Methodology of the Youth Risk Behavior Surveillance System—2013](#),
- the [Questionnaires](#) page,
- the [Data & Documentation](#) page,
- the [Methods](#) page,
- and the [Frequently Asked Questions](#) page on the YRBS website.
